OBJECTIVE

Persistent professional equipped with 6.11 years of comprehensive experience in Requirement Analysis, Model Based Development for ASIL D component & Testing of Safety critical Software for Automotive Industry. Provided with strong technical direction across multiple projects. Responsible and articulate individual with strengths in solutions optimization, customer-focused approach and proven skills in Modelling.

EXPERIENCE

Senior Software Engineer - Embedded | Robosoft Technologies, Bangalore, KA, India

27th Sept 2024 - Present

- Led development, requirement analysis, and error analysis documentation for a Model-Based Development project with Japan OEM JTEKT,HINO and Subaru ensuring alignment with client specifications and quality standards.
- Provided extended support in performing Software-in-the-Loop (SIL) and Model-in-the-Loop (MIL) testing using BTC Embedded Tester, ensuring compliance with project standards and enhancing test coverage.
- 3 months onsite at Subaru, Japan, collaborating with stakeholders to refine requirements and drive requirement-based testing.
- Provided technical support and knowledge transfer to team members, assisting in debugging and resolving complex issues.

Technical Specialist | Continental Automotive, Bangalore, KA, India

19th Sept 2022 - 26th Sept 2024

- Primary Functional Module Responsible for Actuation of components in Electronic Braking Systems.
- System knowledge on Hydraulics and Electronic Braking System Control functions.
- Development, Model Based Designing and Impact analysis for Application Software(Japan-Korea region OEMs).
- Code Implementation or Delta update for all the variants of Brake Systems as per Customer Requirements.
- Hands-on experience in Hardware testing to verify and validate software functionality .
- Failure analysis of test data, identification of improvement potential.
- Know how on Hardware in loop(HIL) testing for fail safe function components in Vector VTestudio Environment.

Software Engineer | Nexteer Automotive, Bangalore, KA, India

09th Sept 2019 - 15th Sept 2022

- Skilled in MATLAB-Simulink, Model based development for Electric Power Steering.
- Requirement Analysis, Design Development and Testing for Auto Code Generation Projects.
- Evaluated project requirements, specifications and developed software applications that surpassed client expectations.
- Gathered and defined customer requirements to develop clear specifications for project plans.
- Knowledge transfer, Technical support to teammates for debugging and issue resolution.
- Performed Unit testing [MIL & SIL] to uncover bugs and troubleshoot peculiar issues prior to application launch.

EDUCATION

Bangalore Institute of Technology | Visveswaraya Technological University

August 2015 – June 2019

Bachelor of Engineering in Electronics and Instrumentation
CGPA : 8.01

Indo Asian Girls' PU College | Department of Pre University
June 2013 – May 2015 Science - PCMC
Percentage : 90.83%

SEA International School | Council for the Indian School Certificate Examination
May 2012 – May 2013 ICSC
Percentage : 80.83%

AWARDS AND RECOGNITION

Special Performer Award from Leadership team for last quarter of the year 2021 from Nexteer Automotive.
Received the Best Debutant Award in Q2 of 2024–2025 at Robosoft Technologies.

KEY SKILLS AND COMPETENCIES

- Model Based Development, MATLAB – Simulink, Auto Code Generation, Target Link, ARXML creation using Davinci Configurator.
- IBM Rational Synergy, IBM Rational Team Concert(RTC), IBM Doors, Doors Next Generation, IBM Jazz.
- Verification & Validation – RBT using Simulink Test, MISRA C - Polyspace , Model Examiner (MXAM),BTC and CarMaker SIL.
- Product Development - SDLC V-Model Software Development, ISO 26262 Functional Safety (ASIL based SW Development).
- Hands-on experience in MKS Integrity, Git, GitHub, SmartGit, Jenkins, SVN, Vector VTestStudio and CANoe.
- Unit Testing (MIL, SIL, HIL), Scaled Agile Development Practices and Sprint Planning.

CERTIFICATIONS

- Simulink for Automotive System Design by MathWorks.
- Agile Development Practices by LinkedIn.
- Functional Safety Certification Program (FSCP) based on ISO 26262:2018 2nd Edition (Road Vehicles -Functional Safety) from TUV SUD.

INTERNSHIPS

IMAX by ClassKlap – Completed 2 months of Internship as Product associate in delivering quality products and backend support for database management.

Hindustan Aeronautics Limited – Completed 1 month of internship as Student trainee and Gained knowledge on helicopters manufactured, Learnt basic technology and techniques implemented in helicopters.

PERSONAL INFORMATION

Date of Birth : 29th April 1997
Nationality : Indian
Languages Known : English, Kannada, Telugu, Hindi
Hobbies : Playing Carrom, Badminton, Cooking and Watching series

DECLARATION

I hereby declare that the information given above is true and correct to the best of my knowledge and belief.

Place : Bangalore
Date :
